

INSTALLATION INSTRUCTIONS

PART 45-1257

GL1800 Air Filter Intake Screens

Note: Read instruction thoroughly before installing.

1. Place bike on center stand.
2. To gain access to air intakes, remove the following:
 - a. Remove left fairing pocket and right side control panel as per the service manual.
 - b. On the right side, move the cruise actuator as shown on page 2-12 of the service manual.
3. Slide the air intake screen over the air intake opening and squeeze the four retaining clips to hold the screen in place. Figure 1
4. Install rubber "O" ring over the retaining clips. Figure 2
5. Repeat on the other side.
6. Reinstall components in reverse order.

Can be bent by bare hands to fit firmly on the air intake.
